

Dr. V.C. Padmanaban,
Assistant Professor,
Department of Bioengineering.

NITA/BE/VCP/2024/12/19

09.12.2024

To whomsoever it may concern

This is to certify that Ms **SREE NITHI S V (22110301)**, Department of Computer Science and Engineering (Cyber Security), Shiv Nadar University, Chennai, Tamilnadu, India has completed her internship from 06.12.2024 to 03.01.2025 under my supervision. During this tenure, she worked on the project "*Data Analysis of Environmental Samples from Effluent Treatment Plants*". I observed her exceptional academic abilities, strong work ethic, and enthusiasm for data analysis and its application. She consistently demonstrated her passion for research and eagerness to learn and contribute to the scientific community. Her interest in experimentation and learning key areas relevant to the project is highly commendable.

Her inquisitive nature and ability to ask thoughtful questions have enriched research discussions. Additionally, she has actively sought opportunities to engage in practical research experiences beyond the conventional routes to approach. Moreover, Sreenithi possesses exceptional interpersonal skills, which make her an excellent team player. Her ability to communicate effectively, both verbally and in writing, enables her to articulate complex scientific concepts clearly and concisely. Based on my observations and interactions with Sreenithi, I am confident she will explore more through her research journey.

I wish her all the best.

Thanks, and Regards,

9/12/24

Dr. V. C. Padmanaban
Asst. Prof., Dept. of Bioengineering
National Institute of Technology, Agartala
Tripura - 799046, India.
